

"Silver Whistle" Scores Hit With Local Audiences

The Putnam County Playhouse, in its first production of the 1964 season, is off and running. In an unusually well-balanced presentation of "The Silver Whistle," director Jim Elrod and his cast took full advantage of the script, avoiding sentimentality and permitting us to laugh with, rather than at, the characters involved.

This balance was even more impressive when one notes that only five members of the cast had appeared during previous Playhouse seasons. The other ten (or eleven, if one includes Omar the Rooster) were working with this company for the first time. In accordance with this technical staff also included several new recruits. They too deserve praise for a smooth production and an effective cast.

Although individual credits for excellent performances would very nearly be a listing of the cast, special recognition should be given to those who played the difficult roles of the residents of the rest home. By means of sensitive, consistent characterization they kept the attention of the audience directed toward the inmates of the institution, as well as upon those whose roles gave continuity to the action.

Perhaps the most important comment to be made is that Saturday night's audience quite evidently enjoyed "The Silver Whistle" from beginning to end. For a most welcome relief from TV re-runs, attend one of the remaining two performances of the play, July 17 or 18.

Part of Man's Torso Found

By United Press International
The lower half of a body was found floating in the Mississippi River Sunday and an FBI agent said there was "a good possibility" it could be that of one of three missing civil rights workers.

The body was found by a fisherman near Davis Island, 17 miles south of Tallulah, La. It was brought to Jackson, Miss., Sunday night for examination by experts to see if it could be identified.

Tallulah is 150 miles west of Philadelphia, Miss., where the three missing men were last seen.

The missing men, Michael Schwerner, 24, of Brooklyn, N. Y., Andrew Goodman, 20, of New York City, both white, and James Chaney, 21, a Negro of Meridian, Miss., were participants in the Mississippi Project, a civil rights drive that has been beset with controversy and violence.

Authorities said identification would be difficult.

Ralph Howard's Rites Wednesday

Ralph (Cap) Howard, 83, who headed the Indiana State Prison, State Reformatory and State Penal Farm during his 37 years of service in the Indiana correctional system, died Sunday at his home in Indianapolis.

He was born June 21, 1881 in Winchester, the son of John and Louisa Smetzer Howard.

Mr. Howard, who started his Penal service career in 1903 as a night watchman at the Indiana Boys' School at Plainfield, retired June 30, 1959.

He became assistant superintendent of the Penal Farm at Putnamville when it was opened in 1914 and served as superintendent there 23 years.

In 1957, he was named a Republican member of the newly created State Department of Correction after serving four years as warden of the State Prison at Michigan City. Earlier he was superintendent of the Indiana Reformatory at Pendleton four years.

Early in his career, Mr. Howard became a house father at the Boys' School, and later was shifted to the State Prison, where he worked as a shop guard, mail clerk and then a supervisor of the insane section.

Mr. Howard was administrative assistant to the chairman of the correction board when he retired.

Mr. Howard was a member of Goben Memorial Methodist Church at Greencastle, a 33rd Degree Mason, held the York Rite Cross of Honor, and was a member of the Scottish Rite and Temple Masonic Lodge No. 47.

He was a member of the Official Board of the Goben Memorial Methodist Church when it was created.

Madison Township Ice Cream Social Scheduled for July 25

In 1957, at a Madison Township Farm Bureau meeting, it was decided that a project be started with the proceeds to help the 4-H. It was decided to have an ice cream social. In the fall of the year, all unused school houses in the township were to be sold, it was then found out that the No. 10 school was to revert back to the heirs. It was then made into a community center.

A meeting was called in March, 1958, for all those interested persons to charter the project. There were 23 persons present and they decided on the name, "Madison Township Community Project." At this time it was moved that the proceeds from the ice cream social was to be used to repair and maintain the No. 10 school house. Also that some money be used for 4-H work, leaders' and club trips.

There was unanimous decision that once the building was repaired that it should be used as a meeting place for community affairs, 4-H meetings and by anyone who wished to do so.

This year's ice cream social is July 25th and it consists of sandwiches, pie, cake, salad, ice cream and drinks. Jim Shelton will have his popular "Pick-A-Pocket" show as he has in the past. The following prizes will be given away: a seventeen-inch portable T. V., an electric can opener, an aluminum folding table, a twenty-cup electric coffee maker and a twenty-inch electric window fan. Also there will be other prizes awarded.

Plan to come and spend an enjoyable evening with the Madison Township Community. Come for supper and a visit with old friends.

Ike Still Neutral

SAN FRANCISCO UPI — Former President Dwight D. Eisenhower persisted in his convention neutrality today but was "grateful" to Gov. William W. Scranton for sparking a Republican platform debate.

Bowing Sunday night as a GOP convention commentator for the American Broadcasting Co., Eisenhower refused to take sides in Scranton's seemingly futile battle with Sen. Barry Goldwater for the party's presidential nomination.

The general confessed that "things didn't develop the way I hoped they would" in his desires for a "general debate and dialogue . . . both about issues and about personalities."

Eisenhower was asked "do you think you have achieved an open convention?" Referring to Scranton, who is forcing a convention floor fight over civil rights and other issues on which he disagrees with Goldwater, Eisenhower replied: "Well, at least this: we have got one man, now, with a certain following that has got an open platform and he will be heard, and to that extent, I am grateful that he undertook the thing."

The two boys were each fined \$10 and costs, a total of \$26. The two girls were each fined \$5 and costs, a total of \$21.

Odds Favor Goldwater As Republicans Open National Convention

Civil Rights Crowd Pickets Convention

SAN FRANCISCO UPI — Civil rights demonstrators, stirred by a march of 50,000 persons, moved their pickets today to the GOP convention site, the Cow Palace.

The massive march and rally Sunday turned into an angry anti-Goldwater affair, but it was largely ignored by an apparent majority of delegates who intend to nominate the Arizona senator for president.

Perhaps 2,000 or 3,000 integrationists were expected to picket the convention opening. Their signs were to denounce Goldwater and ask the party of Abraham Lincoln to do more in 1964 for Negroes.

The principal picketing group is the Congress of Racial Equality CORE whose leaders have held meetings with the police about the arrangements.

CORE leaders said that if they decide during the week to stage sit-ins or stall-ins, they probably will give police advance notice. But then again, they said they might not.

San Francisco Police Chief Thomas Cahill has contacted leaders of segregationist groups including the American Nazi Party. He said their pickets have promised to avoid inflammatory contacts with the CORE group.

SAN FRANCISCO UPI — The 28th Republican National Convention began today with Gov. William W. Scranton challenging Sen. Barry Goldwater to debate their differences before the delegates.

Goldwater's manager visualized Scranton's unprecedented move as a last desperate effort to break their candidate's deadlock on the convention. They announced that they had sent the governor's letter back to him, but then had 4,000 copies struck off for distribution among delegates.

Barring a political miracle, Goldwater already was assured of the presidential nomination. The 1,308 delegates were assembling in the Cow Palace at 10 a.m., PDT 1 p.m. EDT for today's initial session, and were to reconvene at 4 p.m., PDT to hear the key note address of Gov. Mark Hatfield of Oregon. The party's platform will be adopted Tuesday and the nomination of a candidate for president is scheduled for late Wednesday.

Despite the odds against him, Scranton was still fighting to force the Goldwater handwagon off the road with no evidence of success.

The UPI tabulation of the delegates' first ballot preference gave Goldwater 764 votes, 109 more than needed. Scranton trailed with 205 followed by Gov. Nelson A. Rockefeller of New York with 104. A total of 129 were committed to other candidates and 106 were uncommitted.

Scranton may get more bad news today if Wisconsin's favorite son candidate, Rep. John W. Byrnes, releases that state's 30 delegates, who are pledged to him.

Goldwater is expected to inherit at least 20 of the Wisconsin delegates whenever the break comes.

Red Guerrillas Take Prisoners

VINH CHEO, Viet Nam — UPI — Viet Cong guerrillas attacked a government outpost and ambushed the relief force over the weekend in what military men today called perhaps the biggest Communist victory of the war.

Guerrillas killed, wounded or captured nearly 200 Vietnamese soldiers in the running two-day battle.

They all but destroyed the once-prosperous village of Vinh Cheo, 120 miles southwest of Saigon. It is one of the government's last remaining outposts in the Communist-dominated Mekong Delta province of Chuong Thien.

The battle illustrated the growing scope of Communist military operations.

it shows that you're trying to be a good partner. Just keep leading suit when I take the trouble to bid a suit, and you'll be on Easy Street."

West gloved with pride, as South scored up the rubber and an overtrick. All of which proves that flattery may not defeat the contract but at least it makes your partner a cheerful loser.

East could have been a cheerful winner if he had paid more attention to his own play. East spared the six of hearts at the first trick as an encouraging signal. The encouragement to continue hearts was wasted, for South refused the first trick and West had no other heart to lead.

USELESS SWITCH
West had to switch to a different suit, but nothing could help him. The shift to clubs was won in dummy, and declarer naturally began to work on the diamonds.

As every alert reader has surely noticed, East deserved no praise for his play at the first with the six of hearts, East trick. Instead of signalling, East must overtake with the king of hearts.

If South refuses the first trick, East wins with his king of hearts and can continue with another heart to force out one of declarer's stoppers. South must try to develop the diamonds, but cannot do so in time. East takes the king of diamonds and knocks out the ace of hearts. East then gets in with the ace of diamonds in time to run the rest of the hearts.

But still the vacant chair of mother who once sat there,
The flowers we lay upon her grave may wither to decay,
But the love we have for her will never fade away.
Loving wife and mother, so true and kind,
No friend on earth like her we find.
For all of us she did her best,
May God grant her eternal rest.

Push Search For Negro's Killers
ATHENS, Ga. UPI — FBI agents and local officers pressed their search today for the shot-gun armed marauders who killed Lt. Col. Lemuel Penn and attacked another Negro and his family on a lonely north Georgia road.

Republicans Still Like Ike

SAN FRANCISCO UPI — They still like Ike, these Republicans. But Dwight D. Eisenhower, elder statesman, is a different figure from Dwight D. Eisenhower, the conquering hero of World War II, and Dwight D. Eisenhower, the only Republican thus far to win the White House since Herbert Hoover did it 36 years ago.

So when the general returned Sunday to the city where he was renominated eight years ago to his second term as president, his reception, too, was different from those of other years.

In years past, as he may have remembered Sunday, he was greeted by worshipful throngs which jammed every square foot within blocks of his presence and frantically shouted themselves hoarse in his praise.

Sunday, he got not so much worship as reverence, the warm respect due a man who twice led his party to victory in a presidential election and now belongs to the world's most exclusive informal club — the three-man club of living former chief executives.

The New Maysville Community Club met July 10 with Mrs. Juanita McMurry. Meeting was opened in the usual form. The flag salutes were given.

Mrs. Deryl Sanders gave the devotions. Members discussed material and plans for the program for next year.

Due to the absence of Mrs. Ruth Jones, the president, Mrs. Bales, had prepared a program of contests and readings. Contests were won by Mrs. Ruby Major and Mrs. McMurry. The club was pleased to have one of its honorary members, Mrs. Lorraine Young of New Winchester, present.

The hostess' daughter, Marilyn, a 4-H member, served the refreshments, which she had prepared, and they were delightful. Thirteen members were present.

Meeting Is Held By Extension Club

Mrs. Kyle Staley and Mrs. Harold Staley were hostesses to the Homemaker's Extension Club the 9th of July at Robe-

Ann Park. Eighteen members, two guests, and twenty-three children enjoyed a picnic dinner at the noon hour.

The business meeting was opened with group singing of "America The Beautiful" and the pledge to the flag.

Spacemen Are Ordinary Folks

HOUSTON UPI — My home telephone rang, and the caller identified himself as a New

York magazine writer who was getting up a story "about those astronauts living high on the hog."

In fact, he revealed in a confidential tone, "I understand they own a very exclusive and expensive Houston nightclub called the Turtle Club."

That was a shocker. By the good graces of astronaut Alan B. Shepard Jr., I am a member in good standing of the "Interstellar Association of the Turkeys, Outershell Division," —but I could not recall that my status on the hog had risen appreciably as a result.

The Turtle Club, the caller was patiently told, is an informal organization dedicated to nothing particularly good or evil. It has perhaps hundreds of members including astronauts, one password its only secret, and no dues.

And certainly no nightclub. The question, however, was indicative of an apparently prevalent opinion that the pocketbooks of America's astronauts are bottomless pits of wealth

and that the title of "space-man" assures its owner of a lifelong bed of roses.

But John Glenn, America's No. 1 space hero, today has an annual income of slightly less than \$10,000—his Marine Corps pay.

And today he is facing the prospect of paying a single bill for \$9,500 — the debt incurred during his ill-fated entry into politics earlier this year to run for the U.S. Senate seat from his native Ohio.

"I went into this political thing with all good reason to believe everything would come out all right," he said.

But that was before a disastrous bathroom fall last February that left him practically unable to walk. He had to drop out of the political race to concentrate on getting well again.

For a brief instant, Glenn flashed that freckle-faced smile. "I guess they all thought I was a Texas millionaire with a fortune in oil wells."

The result of this year's series of events left Glenn with no pay either as an astronaut or as a U.S. senator. Gone, too, were the "fringe benefits" of the personal life story contracts the active spacemen have signed with a private publisher.

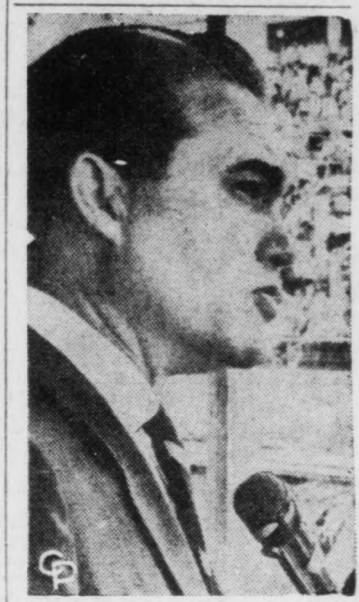

The net effect was "having my income cut by almost two-thirds," said the 43-year-old spaceman, who rode to the pinnacle of success on America's first manned orbital trip into space slightly more than two years ago. And, chances are, Glenn's estimate of the cut was conservative.

"So I am facing about \$10,000 worth of debts and my two kids are getting ready to start college," Glenn said matter-of-factly. Plus there is his wife, Annie, who recently underwent

two major operations and who is still recovering.

But John Glenn is not the type to feel sorry for himself, and his threshold of discouragement is extremely high.

The worries of John Glenn are the worries of any husband and father in the some circumstances. But even when the Glenn family fortune is back on

the rise, there will never be any "living high on the hog." As someone once said, the man has class.

IN THERE SMILING—GOP presidential hopeful Gov. William Scranton (right) and former Ambassador Henry Cabot Lodge, one of his chief supporters, wave to a throng at their national convention headquarters in San Francisco.

Bathing Your Cat

Your cat should only be bathed in an emergency and never before the age of six months.

When a bath is a necessity, the Purina Cat Care Center suggests the following:

Fill two tubs with warm, not hot, water. Lather your cat in one tub with a mild, non-medicated soap — special cat soaps and shampoos are available. Never use a strong detergent.

Rub the suds into your cat's coat, taking care to avoid its ears and eyes.

After sudsing thoroughly, transfer your cat to the tub of clear water and rinse well. If your cat objects violently to being washed in the tubs of water, don't force it into them but simply suds him from one and rinse from the other.

Dry the fur thoroughly and quickly, and be sure that for several hours after the bath your cat is kept warm and out of drafts.

Remember that, contrary to old cats' tales, baths help cats with the endless job of keeping clean and also minimizes the problem of "hair ball," the nugget of hair that forms in the stomach as the result of all that licking and preening.

Putnam County Youths Participate In Program

Over 500 Putnam County youths received Red Cross swimming instruction during the past few weeks. Some 530 boys and girls participated in this program — which varied from getting the head under the water for beginners to water life saving techniques for advanced students. All of the life guards at our local pool have advanced through Red Cross training, here or in some other town. All life guards must be certified by the Red Cross.

The program here was supervised by Mrs. Abe Walton and Mrs. James Madison, assisted by Miss Susan Garriott, Miss Susan Hurst, James Madison, and Gene Stoppenhagen. All of these leaders are Red Cross Water Safety Instructors.

Adults who served as assistants are: Mrs. Lloyd Chadd, Mrs. Ronald Clearwaters, Mrs. Jack Denny, Mrs. Russ McIntyre, and Mrs. Elwood Walters.

Local boys and girls with advanced Red Cross training who helped are: Bill Nanovsky, Anne Silander, Julia Lemmink, Stacia Chadd, Marty McIntyre, Melissa Gough, Jenny McKenna, Darlene Wallis, Christine Johnson, Marian Harvey, Jean Collins, Jane Goodson, Janice Barrett, Tom Beck, David Beck, Tom Hamilton, Mike Surber, and Chuck Evans.

The use of the municipal pool was donated by the park board as in all other cities throughout the state. All of the people connected with the program are volunteers — unpaid volunteers — who donated time and their efforts to this worthwhile program.

This Red Cross program is open free to any child of eight (or a child who has completed the second grade of school) and above who wishes to learn how to swim or who wants to perfect their swimming. Each session lasted two weeks. This year there were two sessions of general instruction and one session for Junior and Senior Life Saving and Water Safety Aide training. During the last general session there was a special swimming class for the handicapped children of Putnam County.

To be admitted to instruction in Junior Life Saving the boy or girl must be twelve years old or have completed

the sixth grade of school. In these classes he will learn about personal water safety; life saving carries; and rescue skills.

Another course is Water Safety Aide. Most of the student aides during the instruction sessions this summer were Water Safety Aides. The swimmer may be between the ages of fourteen and eighteen. He must have his swimmer badge and have passed Junior or Senior Life Saving. To become a Water Safety Aide one must take the equivalent of a 17 hour course. This may be passed at the local pool.

A Water Safety Instructor (as are the six leaders of the Putnam County Red Cross Program) must have passed their Senior Life Saving plus 17 hours to perfect their swimming skills and 17 hours in the theory of teaching. Miss Hurst completed her Water Safety Instructor course at Limerlost Camp, LaGrange, Indiana, this summer. Her training was paid for by the Putnam County Chapter of the Red Cross.

In the general session children were classed: Beginner, Advanced Beginner, Intermediate, or Swimmer.

Poor Man's Golf Meet Underway

MINNEAPOLIS, Minn. UPI — The Poor Man's golf tournament, open only to pay to play regulars, opens today when the National Public Links championship gets under way at the municipally owned Francis E. Gross course.

Today's 150 competitors survived from an entry list of 2,393 slashed down through sectional qualifying, and must go through another 36 holes of medal play testing before advancing in the match play sequence which leads to Saturday's 36-hole championship round.

Ralston Downs Riessen In Tennis Tournament

INDIANAPOLIS UPI — Top-seeded Dennis Ralston, second-ranked nationally, powered back after an uneasy start Sunday for a smooth 6-4, 6-1, 6-1 victory over fellow Davis Cupper Marty Riessen in the 75th annual Western tennis tournament.

This was the first time that the nation's oldest amateur tourney drew Ralston. His performance, after initial rain delays, left Riessen, 22, Big Ten champ from Northwestern, with the runner-up spot for the fourth time in a row.

Ralston, 21, Bakersfield, Calif., has beaten Riessen, 5th ranked nationally, in the past two finals of the national collegiate contests and never lost a set.

Riessen broke Ralston's serve in the first game and had the advantage twice with that set score at 3-2. But Ralston came back strong.

Ralston double faulted to lead off the second set. "What a lousy serve," he said to himself. "It's time to concentrate."

It took nearly 40 minutes for Ralston to tuck away the first set. Forty minutes later he had mailed down the last two, getting a service ace on the last three points of the match.

Travel to Chicago today for the Ralston and Riessen will opening of the National Clay Court Championships at River Forest Tennis Club, where the entire U. S. Davis Cup team is slated to compete.

State Amateur Golfers Compete

BLOOMINGTON, UPI — A bulky field of 250, containing only two former winners, begins two days of medal play today in Indiana's 64th annual Amateur Golf Tourney at Indiana University.

Play begins today over IU's par 71, 6,837-yard course and over the 6,240-yard par 72 Cascades Municipal course. Those on one course today will go to the other for the final round Tuesday.

Braves Knock Phils Out Of Top League Position

By United Press International

The Philadelphia Phillies are getting the same diet as the New York Yankees, plus Hank Aaron.

Milwaukee fed the Phils two more lefthanders Sunday in the person of rookie Wade Blasingame and veteran Billy Hoelt and dropped Philadelphia out of first place with 4-3 and 6-2 setbacks.

The defeats were the third and fourth in a row for the Phils, the previous two being inflicted by Cincinnati hurlers Joe Nuxhall and Jim O'Toole, both by southpaws.

Aaron collected a pair of hits in both games and drove in a total of three runs as he extended his consecutive game hitting streak to 16 games and increased his career hit total to 2,000 with a second game fourth inning double.

Hammerin' Hank, whose .320 lifetime average is highest among active major leaguers, batted in two runs during the Braves' four-run third inning in the opener as Blasingame went seven frames for his second win in three decisions.

Another Olympia swimmer, Pat McCullough, posted a national record in his 15-17-year-old division with a 1:00.9 in the 100-meter butterfly.

A total of 15 meet records were set in the two-day event as 29 clubs and 546 individuals participated. Kokomo outpointed Fort Wayne 348 to 225.

Tennis Champion

BAASTAD, Sweden UPI — Wimbledon champion Roy Emerson of Australia won the men's singles crown in the Swedish International tennis championships Sunday by defeating

Nicola Pilic of Yugoslavia, 1-6, 7-5, 6-1, 6-2.

Donna Floyd Fales of Arlington, Va., downed Sweden's Ulla Sandulf, 6-3, 5-7, 6-3, to take the women's singles title.

Kokomo Captures AAU Swim Meet

FORT WAYNE, UPI — The Kokomo YMCA took top team honors in the 6th annual AAU age group swim meet here Saturday despite the hard-stroking of two young members of the Fort Wayne Club Olympia, who broke three national records.

Judy Humbarger set two marks, 1:12.0 in the 100 meter backstroke and 2:36.6 in the 200-meter individual medley for age group 13-14.

Another Olympia swimmer, Pat McCullough, posted a national record in his 15-17-year-old division with a 1:00.9 in the 100-meter butterfly.

A total of 15 meet records were set in the two-day event as 29 clubs and 546 individuals participated. Kokomo outpointed Fort Wayne 348 to 225.

Chicago Bears Start Training

RENSSELAER, UPI — The National League football champion Chicago Bears open training camp here today with 25 players, mostly rookies, on hand and the balance of the squad due in this week.

They will train at St. Joseph's College for the 21st year and owner-coach George Halas said rigid intensive drills are slated to prepare for the 1964 debut against the College All-Stars Aug. 7.

Hoosier Kegler Wins Top Prize

CHICAGO UPI — Robert Thiel, Hobart, Ind., Sunday won the \$30,000 first prize in the Peterson Classic bowling tournament which opened last December 14, and drew 15,872 bowlers.

His 1,684 total, 27 pins better than the second-place tie, was good for the lion's share of \$412,672 in prizes.

Carl Babb, Kokomo, Ind., finished eighth with 1,627 for \$1,600.

Snead Wins Senior Pro Golf Crown

WENTWORTH, England UPI — Slammin' Sam Snead showed the English he still has what it takes by defeating England's Syd Scott, 7 and 6, for the World Senior Professional golf championship Sunday.

The 52-year-old White Sulphur Springs, W. Va., veteran, who teamed with Ben Hogan to win the Canada Cup for the U.S. in 1956 on this same Wentworth course, and who was on the Ryder Cup team that beat Britain here in 1953, was five up on Scott after the first 18 holes.

Summer Net Men Continue Their Victory Skein, Four In A Row

Greencastle's Junior High summer basketball team continued its second game victory string by beating Lebanon 51-39 and ran its record to 4-0. Probably the key to the victory was the defense of David Dunn, Terry Ross and Bob New. Together they held Kern, the 6' 4 1/2" center, to one point and helped Greencastle control the boards. In an aggressive foul-filled ball game, Dee Monnett, John New, and Kevin See kept their heads and time after time hit the open man for the basket. Pete Norris again led the balanced scoring with 15 points.

The first game was an entirely different matter as Lebanon blew Greencastle out of the ball game with devastating fast break. Lebanon won 37-21 as 10 players broke into the Lebanon scoring. Only Wally Steele was able to hit the basket with accuracy as he led all the scores with 11 points. The defeat left the Greencastle record 3-1.

Balding Texan Tourney Winner

NEW ROCHELLE, N. Y., UPI — Miller Barber, a balding 33-year-old Texan, finally found out how it feels to win a major golf tournament.

"It's great. What else?" he grinned sheepishly after tucking away the fattest paycheck of his career \$5,000 for winning the Wykagyl Round Robin Sunday from a field of 16 with a shaky one-point margin over U.S. Open Champ Ken Venturi.

"Now I can go out and practice for a week," he added.

"I'm not good enough to play with the big boys in the PGA championship at Columbus."

U. S. Coach Is Pleased With Girls' Track Team

HANFORD, Calif. UPI — Coach Percy Franklin of the United States girls' track team that faces Russia in Los Angeles July 25-26, said today that this is the best-balanced team the Yankees ever have sent into the contest.

"I'm real pleased with the marks our girls recorded in the AAU meet Saturday," said Franklin. "We showed tremendous improvement, especially in the field events."

"We have fine sprinters. Four of them were clocked in 11.5 seconds in the 100 meters dash and this is going to give us the nucleus of a fine relay team."

The four girls who were clocked in the 100-meters in 11.5 and the order in which they finished, were: Wyomia Tyus, Tennessee State; Edith McGuire, Tennessee State; Rosie Bonds, Pasadena, Calif., and Willye White, Chicago.

Denver Rallies To Edge Tribe

DENVER UPI — The Denver Bears rallied for two runs in the ninth inning Sunday night to edge Indianapolis 7-6, in a Pacific Coast League game.

The Bears jumped to a 5-1 lead in the fifth inning only to see the Tribe take a 6-5 lead in the eighth on an error, four hits, and a walk.

Phil Roof led off the bottom of the ninth for the Bears with a pinch-hit double and Sandy Alamar's triple brought in one run.

Strategy then misfired for the Indians, who loaded the bases intentionally, for Lou Klimchok, one of the league's top hitters, smashed a single off reliever Warren Hacker to score the winning run.

Tinglestad Wins

WINCHESTER, Ind. UPI — Indianapolis "500" veteran Bud Tinglestad won Sunday's USAC 30-lap sprint feature by roaring past runnerup Gordon Johncock on the next-to-last lap.

Johncock, Hastings, Mich., had a qualifying lap of 17.51 seconds, the fastest ever for half-mile tracks. A. J. Foyt set the previous USAC mark of 17.98 seconds at Salem two years ago.

Tinglestad, Dayton, Ohio, led the first 16 laps before Johncock passed him. But on the 29th lap Tinglestad regained the lead and won going away at a record average speed of 98.915 miles per hour.

Homemakers can now use the pesky scouring pad and still keep their fingers out of the water. The trick is in a new plastic holder that holds the pappersponge at the end of a 9½-inch handle. Two plastic "fingers" do the job.

ASTONISHED—Iowa surgeon Dr. Donovan F. Ward (left) of Dubuque, astonished at his election to the presidency of the American Medical Association, is congratulated by the outgoing president, Dr. Norman A. Welch, Boston, in San Francisco.

WRITING A PAGE IN HISTORY—The hands of President Johnson rest on the strongest, civil rights bill since Reconstruction after he signed the measure into law at the White House in Washington. Other signatures were put on the law by House Speaker John McCormack and Senate President pro Tempore Carl Hayden.

COURTING SCRANTON DOESN'T KNOW ANYTHING ABOUT IT—Courtting Oregon's 18 convention votes, Gov. William W. Scranton is welcomed to Eugene by a throng of teenagers. He denied any knowledge of reports that former President Dwight D. Eisenhower would nominate him as the Republican presidential candidate.

Anti-Goldwater Forces Promise Opposition To Party's Present Platform

SAN FRANCISCO UPI—The Republican Convention was split today over a Goldwater-dominated party platform that promised a new cold war militancy but lacked enough muscle on home-front issues to satisfy Scranton backers.

As expected, the document emerged as a symbol of the broader power struggle between the forces of Sen. Barry Goldwater and Gov. William W. Scranton for, what one Republican termed, "the soul" of the party.

Anti-Goldwater forces promised a floor fight Tuesday night to insert into the platform stronger language on civil rights, "extremist" political action groups, and presidential control of nuclear weapons.

The preliminary draft of the platform was written by the GOP Resolutions Committee during two week-end sessions wracked with conflict. It left these dominant impressions:

—The committee draft was a total victory for the Goldwaterites which the Scranton supporters seemed unlikely to reverse in a convention floor showdown.

—The most prominent theme was the new no-nonsense attitude toward dealing with the Communist bloc nations—a much tougher statement than the 1960 platform pronouncement on the subject.

—The platform endorsed the 1964 civil rights law, but devoted less space to the civil rights struggle than the document adopted by the GOP convention four years ago.

The committee draft turned down Scranton's request to reaffirm the constitutionality of the civil rights law, but instead pledged:

"Full implementation and faithful execution of the civil rights act of 1964, and all other

civil rights statutes, to assure equal rights and opportunities guaranteed by the constitution to every citizen."

The platform committee also spurned efforts by the Scranton group to assert the GOP's belief that the president should control the use of all nuclear weapons. Goldwater has contended that the NATO commander should be given greater supervision over use of tactical nuclear arms in case of a surprise attack.

The conservative forces which dominated the platform drafting did not adhere strictly to the Goldwater handbook on all domestic issues, but on foreign policy it was the senator's viewpoint all the way.

It preached "victory for freedom" and stressed the finality of the current cold war struggle. "There can be no peace, there can be no security, until this goal is on," the platform said.

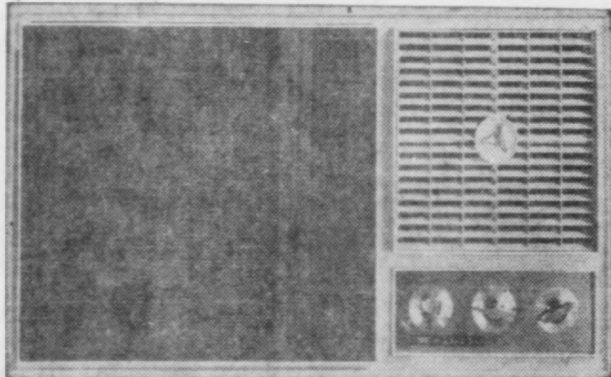

AN UPHILL ROAD—A truck driver greets Gov. William W. Scranton and his wife as they motor up California Street toward their GOP National Convention headquarters in San Francisco, where the governor is waging an uphill battle for the presidential nomination.
